QUALITY POLICY STATEMENT

Kenya Railways is committed to provision of efficient and safe rail services in a way that meets customer, contractual, applicable legal and statutory requirements and ISO 9001:2015 Standard.

In pursuit of this commitment, the Corporation shall ensure:-

- Development of new railway projects and rehabilitation of existing infrastructure and facilities are undertaken through proper planning and effective project implementation.
- Resources are available and efficiently deployed in provision of freight and passenger rail services to meet customers' expectations.
- Provision of high quality education in Rail, Logistics, Vocational, Technical, Management and Business fields, which is responsive to dynamic global market, through effective training programs.
- Innovation, Research and Technology are embraced in all our operations for efficient and effective service delivery.
- Members of staff are performing as a team with integrity, accountability and reliability, while paying special attention to details in the safety and security requirements of our customers.
- Quality Management System is integrated in all our operations and is continually reviewed to improve its effectiveness.
- The Quality Policy is communicated and understood by all staff and is available to all interested parties as appropriate.
- Risk-based thinking and process approach are embraced in all our operations.
- Quality Objectives are established annually, measured, monitored, communicated and updated as appropriate.

The Corporation shall ensure that the Quality Policy supports the strategic direction of Kenya Railways, and is reviewed periodically in line with relevant emerging issues and the changing legal and customers' requirement.

FOCUS ON RAILWAY TRAINING INSTITUTE

Background

Railway Training Institute (RTI) is one of the oldest training Institutions in the East Africa Region having been inaugurated on 29th June, 1956. It was primarily established for developing Human Resource for the East Africa Railways and Harbors. RTI is a department in Kenya Railways with a mandate to develop human capacity for the Rail sector.

Besides offering the Rail and Marine Based programs, the Institute is fully accredited by the Ministry of Education, Science and Technology as a Tertiary Technical Training Institute to offer Engineering and Business courses at Certificate, Diploma and Higher Diploma levels.

As the country transforms railway infrastructure network as outlined in Vision 2030, the Institute is positioning itself to provide adequate and skilled human resource to manage an efficient transport network for Railway and Marine sectors. During this Graduation ceremony 846 number of trainees are graduating in the TVET courses while 311 in the railway based and marine courses. It is against this backdrop that the institute has been recognized as a Centre of Excellence for training for the Railway sector in the East Africa Region.

The Railway Training Institute - Marine School in Kisumu has adopted the Kenya Maritime Authority (KMA) syllabus in order to equip and certify Lake Victoria vessel operations with mandatory skills and competences in safety, protection and preservation of marine environment.

In pursuit to remain competitive and responsive to the customer requirements and the dynamic market demands, the Institute is ISO 9001:2015 Certified.

Vision

To be the Premier training centre for Transport & Logistics in Africa

Mission

To provide practical and quality training in Transport and Logistics, responsive to a dynamic market through Education, Research and Technology.

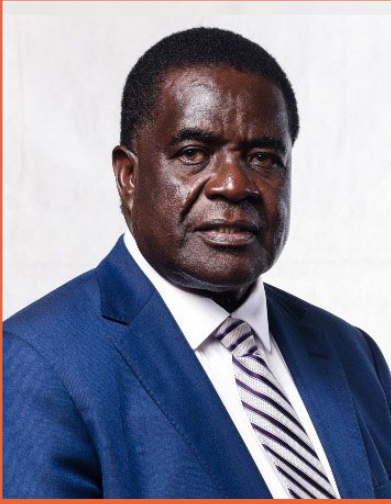

Values

MESSAGE FROM THE CHAIRMAN - KENYA RAILWAYS

**MAJ. GEN. (RTD) PASTOR
AWITA, MGH, EBS NDC (K)
CHAIRMAN, BOARD OF
DIRECTORS, KENYA
RAILWAYS**

It gives me pleasure to be associated with Railway Training Institute in marking this important occasion in their calendar.

On behalf of the Board of Directors, Kenya Railways, I take this opportunity to congratulate the graduands for having excelled in their various disciplines and congregated here today for their graduation.

Graduation is a day to reflect on the journey one has walked that culminates in such a celebration. As a student walks the academic journey, there is support that is critical to attainment of good results. Parents, guardians, employers and other stakeholders gathered here have come to witness the fruits of their support.

As the Board of Directors, we oversee the corporation functions and give strategic direction to the corporation towards achieving its mandate. RTI being a department of Kenya Railways charged with the responsibility of capacity building, we are proud to witness this achievement as a result of the support they get from my Board towards working to attain good academic achievement. I salute the Institute management and staff for having made this day a success.

To the graduands, the world of work requires a dynamic worker who is responsive to ever changing employer production needs. I believe that RTI has prepared you to face the employment world with the knowledge, skills and attitude that befits the bill.

Once again I take this opportunity to congratulate the graduands for having satisfied the examiners to be awarded various certificates in their respective field of training.

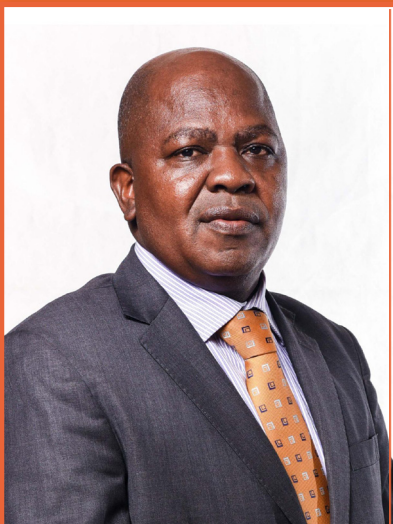

God bless all.

MESSAGE FROM

THE MANAGING DIRECTOR - KENYA RAILWAYS

PHILLIP J. MAINGA, EBS)
MANAGING DIRECTOR,
KENYA RAILWAYS

On behalf of Kenya Railways Management, I want to take this opportunity to congratulate the class of 2021/2022 and 2022/2023 that is graduating today. As management of Kenya Railways, we recognize the contribution made either individually or collectively by stakeholders gathered here to make the students graduating today excel in their studies. I am sure the RTI fraternity could not have managed on their own without your support.

Kenya Railways is one of the state corporation in the ministry of Roads, Transport and Public Works mandated to move passengers and cargo using rail transport and inland waterways. We take pride to be associated with RTI as a department of the corporation in celebrating this auspicious occasion.

The corporation in the recent times has rehabilitated most of its infrastructure network and rolling stock. This has been done to ease transportation costs and accelerate growth of the country towards achieving vision 2030 goals. The corporation looks upon RTI to build capacity for the rail and marine sector and other employers. The knowledge and skills acquired at RTI by the students will be very helpful in increasing productivity of Kenya Railways and contributing positively to country development.

I want to encourage the Institute management and staff to stay focused on their set targets. KR management will continue to support the Institute in order to deliver on its mandate. The country expects graduands to be trained all round to meet the challenges of the job market.

As we celebrate this great day in the lives of the graduating students, I want to take this opportunity to thank the Institute management and staff who have tirelessly worked towards making this day a success.

To the 1157 graduands, I congratulate you for the good work in academics that has earned you the pride you are celebrating today.

God bless you all.

MESSAGE FROM

THE CHAIRMAN - RAILWAY TRAINING INSTITUTE

PROF. ENG. S.O. ABUODHA
CHAIRMAN - RTI BOARD OF
GOVERNORS

Railway Training Institute Board of Governors take this opportunity to celebrate with the graduating cohort of 2021/2022 and 2022/2023 today. We as the board, our mandate is to give advice and oversight the Institute activities.

The Board is happy to report that the Institute strategic plan (2023 – 2027) that is about to be launched, puts more emphasis towards repositioning the Institute as a Premier Center for developing market driven products and services in training by aligning its curricula with the requirements of the job market.

To enable the Institute, meet the requirements of employers, the Board of Governors shall continue to support Management in strategic decisions. Currently the Board is supporting the Institute to formulate strategies of sourcing for funds to complete it master plan.

As the Institute offers Competency-Based Curricula, the Board will continue to support development of railway-based curricula by the faculty. Being a unique sector, the academic staff have the capacity to develop their own home-grown curricula. The board looks forward to supporting this Institute to be a power house in the East and Central Africa region in Railway skill curricula development.

On behalf of the Board of Governors, I would like to say congratulations to the graduands for excelling in their various fields of learning that has culminated in us celebrating their success today.

Thank you.

MESSAGE FROM

THE DIRECTOR - RAILWAY TRAINING INSTITUTE

**M. KIZIILI-OTIENO (MRS)
DIRECTOR, RTI**

I am greatly delighted for this momentous occasion to welcome graduands, parents, guardians, sponsors, distinguished guests to the 60th Railway Training Institute graduation. Indeed, the Management, staff and students of RTI are greatly humbled to have congregated here and for being part of the celebration of this important event in the cycle of training.

RTI is a department of Kenya Railways mandated to build capacity both for the corporation and the nation at large. The Institute endeavors to live to this mandate by being responsive to the dynamic needs of the corporation and other stakeholders by improving its learning ecosystem. To this end, I am happy to report that we

have completed phase one of the master plan and plans are at an advanced level to commence phase two once funds are made available.

Today we are presenting 1157 graduands that have excelled in their various levels of learning; certificate, Diploma, Higher Diploma and Railway based skill areas. As an institute we are confident that the graduands are well trained and will give a good account of themselves when employment opportunities arise. Employers present here, we encourage you to find space within your organizations to absorb the graduands.

The Institute is in the process of developing curricula in all skill areas of the Rail sector. Already the faculty has completed curricula in six railway jobs using DACUM approach. They are awaiting approval by Sector Skills Advisory Committee once constituted. When validated, the curricula will be rolled out for use. The Institute is also developing occupational standards for the railway sector that may be adopted by the East Africa region.

I am pleased to inform this congregation that there has been tremendous expansion of our Railway Training Institute – Marine School. The campus at the moment has a student population of 144 students pursuing various programs that include Coxwain driving,

Standards of Training and Certification in Watchkeeping (STCW) and both Certificate and Diploma in International Freight. We are very grateful to Kenya Railways management that has facilitated the Institute to access funds from the World bank to put up learning infrastructure. The Campus has constructed students hostels with 200No. bed capacity, Conference facilities and Executive hostels with a capacity of 40 beds. Construction of Marine safety Training facility, including Fire training school and training pool have been completed and handed over for use.

The Institute with the help of Kenya Railway Management has of late strengthened Continuous Professional Development (CPD) training to retool the staff in various cadres. In addition to this, we train staff of other State Corporations and Government Agencies e.g. KPA, KDF, NTSA in the quest to earn revenue for the Institute.

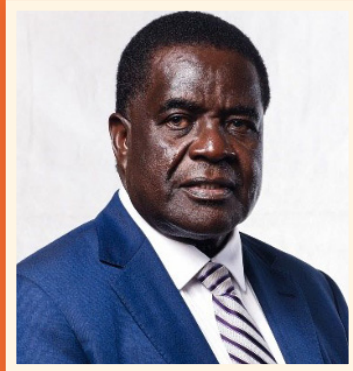

Finally, on behalf of the RTI Management, staff and students, I want to congratulate the graduands on this special occasion in their lives. It is my humble honor to wish you well in your next phase of life as you face the world of employment with all that the Institute has equipped you with.

Thank you all and God bless.

The Kenya National Anthem

English

O God of all creation
Bless this our land and nation
Justice be our shield and defender
May we dwell in unity
Peace and liberty
Plenty be found within our borders.

Let one and all arise
With hearts both strong and true
Service be our earnest endeavour
And our homeland of Kenya
Heritage and splendour
Firm may we stand to defend.

Let all with one accord
In common bond united
Build this our nation together
And the glory of Kenya
The fruit of our labour
Fill every heart with thanksgiving

Kiswahili

Ee Mungu nguvu yetu
Ilete baraka kwetu
Haki iwe ngao na mlinzi
Natukae na undugu
Amani na uhuru
Raha tupate na ustawi.

Amkeni ndugu zetu
Tufanye sote bidii
Nasi tujitoe kwa nguvu
Nchi yetu ya Kenya
Tunayoipenda
Tuwe tayari kuilinda

Natujenge taifa letu
Ee, ndio wajibu wetu
Kenya istahili heshima
Tuungane mikono
Pamoja kazini
Kila siku tuwe na shukrani

East Africa Community Anthem

Ee Mungu twaomba ulinde, Jumuiya Afrika mashariki
Tuwezeshe kuishi kwa amani, Tutimize na malengo yetu.

Jumuiya yetu sote tuilinde, Tuwajibike tuimarike
Umoja wetu ni nguzo yetu, Idumu jumuiya yetu

Uzalendo pia mshikamano, Viwe msingi wa umoja wetu
Natulinde uhuru na amani, Mila zetu na desturi zetu

Viwandani na hata mashambani, Tufanye kazi sote kwa makini
Tujitoe kwa hali na mali, Tuijenge jumuiya bora
